

FAUNA COLLECTION

A SUGGESTION OF HOW TO HANG YOUR INSECTS ON THE WALL*

CUT A PIECE OF METAL
WITH APPROXIMATELY
15CM LENGHT

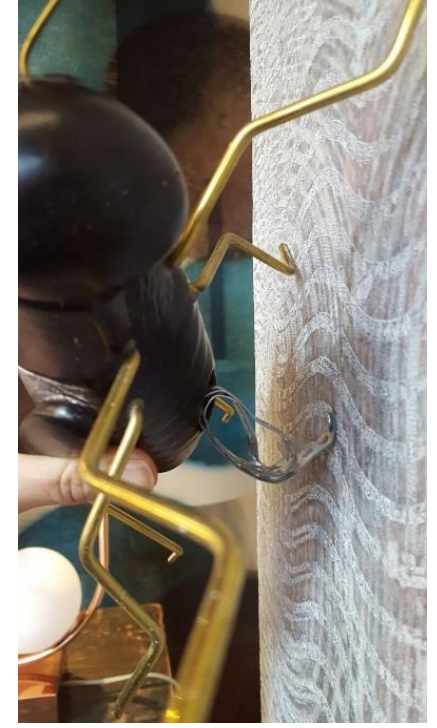

ROLL ONE OF THE
ENDS

SCREW THE METAL
PIECE TO THE WALL
USING ONE OF THE
HOLES

PLACE THE CERAMIC
INSECT AIMING THE
METAL PIECE TO THE
HOLE

WITH A LITTLE PRESSURE
INSERT THE METAL PIECE IN
THE HOLE TO SECURE THE
INSECT TO THE WALL

* MAMBO UNLIMITED IDEAS ADVISES THAT THIS IS AN OPTIONAL WAY OF HANING THE CERAMIC INSECTS ON THE WALL AND THE EFFECTIVENESS MIGHT VARY ACCORDING TO SURFACE MATERIAL
