## New collection

This past January 20 new products, designed by Autoban, Matthew Hilton, Neri&Hu and Luca Nichetto have been presented during Maison & Objet in Paris. In this newsletter we will highlight two new designs which stole the show during that week. For more items, [please follow this link...](#)

## Shaker Chair

Shaker is a dining chair, inspired by the simple, honest and utilitarian approach of the movement after which it is named. The ladder back allows the chair to be hung on the wall, as the Shakers would have done. Designed by Neri&Hu and manufactured by De La Espada for the Neri&Hu brand. ## Harold Desk

Crafted in solid hardwood with polished lacquer accents, Harold is a classic writing desk featuring a tabletop drawer and open storage spaces. The upward curves at the sides of the tabletop are machined from generous planks of premium timber. Designed by Luca Nichetto and manufactured by De La Espada for the Nichetto brand.
