**Born in Portugal, Dooq is a design company dedicated to celebrate the luxury of living. Creating designs that stimulate the senses, whose conceptual approach is inspired on the unexpected meeting of opposite things.**

Our studio focuses on an extensive research of details together with a vast iconographic research around art and design, creating an ever-evolving language that emphasises first the small things.

We seek to find balance in things that are contrasting, creating pieces where feminine meets masculine, small meets large, soft meets solid and past meets the present allowing the new to blossom. Sensual materials like velvet, trimmings, straw and glass are combined with harder materials such as copper, marble, brass and wood to achieve the duality in our studio's distinctive pieces.

Using the technological expertise of a country leader in craftsmanship in combination with the creativity of great designers, helps creating pieces with an uncensored aesthetic where each piece has its own reason of existing.

Marking a milestone for Dooq Details, the Carmel Modular Couch introduces the brand's first-ever modular sofa. Composed of 12 versatile modules, Carmel allows endless configurations, seamlessly adapting to any interior. A year of research and development culminated in this design, which blends bold aesthetics with unparalleled comfort. This dynamic sofa transforms seating into a creative and personal experience, offering a new standard for versatility and style in modern living.

A harmonious exploration of contrasts, the On-the-Rocks Table bridges the organic and the futuristic. With a hand-hammered travertine top that exudes raw, natural beauty and a sleek nickel base that reflects modern elegance, this sculptural table redefines sophistication. Designed as a piece to be admired and cherished, it invites a dialogue between the tactile and the refined, merging timeless craftsmanship with avant-garde artistry.

The essential shapes of these tables play between them in an alluring game of proportion and color which results in the creation of a perfect balance and tension of material and negative space.

05

06

Camella, a chair that gracefully embodies the essence of the Romantic period, channeling its ideals of passion and elegance.

Thabit, our extraordinary new collection of handcrafted sculptures meticulously fashioned from gres and rafia, in partnership with an esteemed artistic ceramic studio. Inspired by the concept of an imaginary future where geometric boldness intertwines seamlessly with organic textures, Thabit offers a visionary glimpse into tomorrow's design landscape.

Each sculpture is a testament to craftsmanship, available in a variety of shapes and sizes, and presented in four captivating colors, inviting you to explore a world where innovation meets the organic.

Nusa is our latest table collection,  
where Southeast Asian inspiration  
meets modern craftsmanship.

Each table intricately weaves an an-  
cient marqueterie technique, seam-  
lessly blending two distinctive woods.

Immerse your space in the rich  
cultural tapestry and contemporary  
elegance of Nusa, where tradition and  
modernity converge harmoniously.

11

12

As a way to attain perfection, one must balance two opposite parts that complement each other and are mutually exclusive, meaning one cannot sustain without the other. This is the concept behind the Stick & Stone table.

Introducing Oscar, a bold reinterpretation of a classic armchair, drawing inspiration from modernist architecture.

Aimi, our avant-garde chair and arm-chair designed to redefine elegance and comfort.

Visually light yet exceptionally comfortable, Aimi boasts a remarkable design that effortlessly blends aesthetics with functionality.

Odissèa chair embodies the aesthetic spirit of the space age, a new kind of discreet luxury and comfort inspired by a futuristic era created by new visual experiences and concepts of the future.

22

21

Exceptional in its craftwork, Nouvelle Vague is a collection that rejects traditional conventions in favor of experimentation.

Round ceramic handmade pieces, painted in a unique craquele glaze are placed around a lacquered center top, creating a sense of movement that evokes the motion of the waves.

Created by the perfect combination of color, energy and shape, Souk mirrors reflect the influences of overwhelming and visually fascinating Souk markets in northern Africa with its vibrant fringes and earthy colors resembling typical macramé techniques.
